Manage learning technologies to support digital learning initiatives

What's in it for you?

- Acquire knowledge of learning and innovation principles and technical skills to kickstart your career as a Learning Innovator
- Get training, coaching, and mentoring from digital learning specialists in the country
- Earn a Certificate of Completion which you can add in your credentials
- Co-design an e-Learning course with us and earn money from it
- Get a chance to work as a Prevo employee or work as a freelance Digital Learning Professional

Who are we looking for?

- Individuals who have passion for learning and helping other people grow.
- Someone who creates design assets using basic knowledge of visual communication and design principles and tools.
- Someone who speaks and writes effectively in English.

Eligibility Requirements:

- At least 18 years old and have earned college units
- Fully vaccinated with booster for COVID- 19
- Stable internet connection
- Device with capability to download and use authoring tools and store multimedia files
- Can render a total of 100 hours for a period of 4 months (March- July) or around 6 hours per week

How to Apply

Fill out the Application Form. Team Prevo will review your application and will inform you of the results and next steps.

If you are shortlisted, you will be scheduled for an interview and asked to submit a 5-minute video recording of you teaching a topic you are passionate about.

**In this crisis, learning must win.
Let's win together.**

Frequently Asked Questions

Q: Is this internship paid?

A: This is an unpaid internship that adds a lot of value in your career. The program ensures you are equipped to become a learning innovator. The highly experiential learning opportunities are guaranteed to boost your confidence as an emerging professional in the field.

Q: Are the interns required to report to the office?

A: This program is designed to be facilitated 100% online. There will be opportunities to join live face-face sessions but this will be discussed prior to the events.

Frequently Asked Questions

Q: How long is the internship program?

A: This program is initially designed as a 100-hr program spread across 4 months. For the first batch, the target start date is March 22 until July 22.

Q: Will there be an opportunity to be absorbed as an employee?

A: Absolutely. We will evaluate the performance of all interns and see who have the potential to proceed as full-time or part-time employees.
